

# PICKUP FUEL & TOOL

## Model FT-50A & Model FT-30

Because of the many varied models installation instructions cannot be provided.  
**THE INSTALLATION OF THIS FUEL TANK MUST BE DONE  
BY A QUALIFIED PROFESSIONAL.**

### MOUNTING INSTRUCTIONS

1. Using the mounting brackets secure the Fuel & Tool box in pickup.
2. CAUTION: The integrity of the vehicles emission system must not be altered under penalty of the law i.e. the supply and vent return lines to existing tank or tanks must be duplicated for this auxiliary tanks.
3. It is against the law to change this system in such a manner that it will contribute to the environment any particles not designed into the OEM system at the time of manufacture.

### RECOMMENDED MAINTENANCE

1. It is important that all vent, supply and return lines be kept clear and free of interior debris of any kind.
2. Periodic inspection of the fuel filters and the various lines should be made regularly.
